

**PAWAR PUBLIC SCHOOL NANDED CITY, PUNE**

**Std. X (2020-21 Batch)**

**Ref: PPSNC/Acad./004/2021-22**

**Date: 5<sup>th</sup> May 2021**

**Dear Parents (Std. X 2020-21 Batch),**

The CBSE has given a policy for computing marks as per various assessments conducted during the course of the year, including the Prelims (pre-board) exams. The Board has given an objective method, keeping into account the students' interest. We will follow their procedure and ensure a fair, result for our students. Our teachers are in the process of gathering all the data from the assessments. The Board will also send us past two years data for our school, which is excellent by any standards. Our first two batches have set the bar high, in terms of Std. X results. The Board will also consider the District results (past two years) for the sake of statistics.

Hence, do not get anxious. Some students MAY be contacted by their subject teachers or class teachers to send some documents if needed. You will not be called to school, so do not worry if you are out of station or if pandemic conditions in neighborhood are bad. Just follow the teacher's instructions.

I am confident that our students will come out with flying colours.

In the meanwhile, if you need previous results (hard copies) for admissions to Std. XI, office will provide them to you after May 15<sup>th</sup>, 2021.

Stay safe.

**Principal**
