

Appreciation Letter from Parent

Date: 28.4.2023

I am writing to express my sincere appreciation for the splendid annual gathering program 'EUPHORIA'.

The program was not only entertaining, but it was also informative and enlightening.

The effort that you all as a team put into the planning and execution of the program was evident in every aspect of the event. The choice of performers, the selection of music and dance routines, and the overall theme of the program were all executed flawlessly.

As a parent and a member of the audience, I was truly impressed by the level of professionalism displayed by all the performers. Each and every one of them showcased their talent with grace and elegance, making it a truly memorable experience for all those in attendance.

I also appreciate the attention paid to the little details, such as the stage decorations, costumes, props, lighting and big screens, which added to the overall ambiance of the program.

It was wonderful to see some Indian classical dance performances and diversity of Indian folk dances and the celebration of different cultural traditions of India.

The unique idea behind using bins as percussion instruments along with other instruments was mind blowing, which was executed in the best possible way.

Once again, thank you for organizing such an amazing program.

Warm Regards,

Mrs. Soniya Bhujbal

Parent of Aditya Bhujbal
