

"Pawar Public School, Pre-Primary Soars High on Annual Sports Day"

Pawar Public School Nanded City, Pune, witnessed a burst of energy and excitement on Tuesday, 28th of November 2023, as the Pre-Primary section celebrated its Annual Sports Day. The event not only showcased the physical prowess of the little ones but also emphasized the numerous benefits that sports bring to the holistic development of young minds.

The day commenced with a sense of pride and joy as the HM ma'am, unfurled the school flag, officially marking the inauguration of the event.

The first act to grace the sports arena was the endearing Dumbbell Drill by the Senior KG children. The precision and coordination displayed during this exercise not only impressed the audience but also showcased the children's developing motor skills. The activity emphasized the importance of regular exercise in maintaining a healthy lifestyle from a young age.

Following the delightful drill, the focus shifted to the main attraction of the day – the races. Nursery, Jr. KG and Sr. KG Children lined up eagerly for the various races designed to test their agility and speed.

Starting with the classic running race that had the little ones dashing towards the finish line with sheer joy. Followed by this the hurdle race, designed for the nursery students, added an extra layer of challenge. It not only encouraged physical activity but also helped develop balance and coordination in the young participants. The junior KG students added a touch of fun to the event with the bean bag race. Where children demonstrated balance by carrying a small bean bag on their heads, as they made their way to the finish line. The Senior KG students concluded the event with a thrilling relay race. The relay race emphasized teamwork and collaboration, as students worked together to pass the baton and reach the finish line. This race not only

showcased the children's physical abilities but also taught them the importance of mutual support.

Behind the scenes, the credit for the well-coordinated and smoothly executed races goes to the dedicated efforts of Bhusan sir, Samarth sir, and Gaurav sir. They played an important role in preparing the children for their respective races.

In conclusion, Pawar Public School's Pre-Primary Annual Sports Day was infused with the spirit of healthy competition, fostering teamwork and building a sense of sportsmanship. Such events contribute significantly to the overall development of the children and create lasting memories for everyone involved. Pawar Public School continues to nurture not just academic excellence but also a holistic development that prepares its students for a future filled with health, camaraderie, and success.
